

THE DISCIPLE MAKERSPACE

**A RELATIONAL RHYTHM FOR PLANTING
CHURCHES WITHOUT COMPROMISING THE BEAUTY,
SIMPLICITY, AND POWER OF THE BIBLICAL CHURCH**

JR RUSHIK

The Disciple Makerspace is an account of a church planting movement and a guidebook for anyone who wants to introduce these principles in their local ministry.

This book will challenge you to think of disciple-making in the context of positioning your church as a Disciple 'makerspace'. A place where every disciple is given the tools and the freedom to bring their unique contribution to the ministry of the church and to the Kingdom of God.

REV. DR. JR RUSHIK is the director of the Church Development Network and founding Pastor of Storehouse Church. He has a passion to equip people to join Jesus on His mission in this world. This is the heartbeat of his ministry and the catalyst behind the The Disciple Makerspace.

PRAISE FOR THE DISCIPLE MAKERSPACE

From the frontlines of an emerging movement, Dr. JR Rushik has written a Spirit-empowered book I would love to hand to every American pastor. These pages capture the heart and key principles of the early church which caused it to become a world-changing movement.
